

Dear Parent/Caregiver,

You are invited to Child & Community Resources Foundational Caregiver Training. This training will provide caregivers with introductory and foundational information about Autism Spectrum Disorder (ASD), Applied Behaviour Analysis (ABA) and how services are provided within the Ontario Autism Program (OAP).

This 2-hour group workshop is offered to all families registered for services within the Ontario Autism Program at Child & Community Resources.

**\* Please note, these are adult directed workshops and childcare will not be provided.**
